Now there are a lot of people who love animals or fish. If you go to a pet shop, you can see cute dogs and cats there. You can also see fish, such as goldfish and tropical fish, in some pet shops. But where should you go to see more kinds of animals or fish?

If you want to see more kinds of animals, you should go to the zoo. You will enjoy seeing a lot of animals there. You will be surprised at the big face of a lion. You will be interested in the monkeys moving fast. You will (never / to meet / that / be / you / see / able / animals) in your everyday lives. ① One of them is the penguin. In a zoo in Hokkaido, the penguins walk right in front of people in winter. They are very popular among the people coming to the zoo.

If you want to see fish or sea animals, you should go to the aquarium. You will enjoy the wonderful world under water. You will find that there are so many kinds of living things under water. There are some fish living in the deep area of the sea. In some aquariums, you can see the shows of sea animals, such as dolphins and seals.

Most zoos and aquariums have something to make people happy. For example, there is an event (A) “the Night Zoo.” The zoo is opened in the evening and at night for the event. Some animals (②) until the evening, get up and move at night. People can enjoy watching those animals moving at night. Many zoos and aquariums are trying to show the natural style of living things to people. So (B) to the zoo or the aquarium is a lot of fun.

Zoos and aquariums have another important purpose. That is to study about nature and preserve it. Some kinds of animals are decreasing in number. If nothing is done for them, they are going to disappear soon. In some zoos and aquariums, some scientists study their ways of life and try to protect them.

Zoos and aquariums are very interesting places to a lot of people. When you visit them, you will enjoy watching various kinds of living things. You will also think that it is important for us to preserve nature.
